Fresh Fruit and Ammo P. A. Piatt 2021-10-13 "It took us three thousand years to find an intelligent species among the stars and only three months to pick a fight with them." After the United Nations of Terra (UNT) Fleet Frigate Nelson reported an encounter with an alien spaceship, she disappeared without a trace. An alien race called the Maltaani have made their presence known by landing a mass of troops on Balfan-48, a desert planet located far too close to Terra Earth for comfort. Tensions are rising and tempers are growing short. The UNT responds by deploying ISMC's Ninth Division aboard the flagship Atlas to the scene to investigate the Maltaani aggression. Blinded and deafened by enemy jamming, Ninth Division drops on Balfan-48 to counter the alien provocation. When Ninth Division is decimated by a sneak attack, it's up to Second Lieutenant Fortis to lead the surviving Space Marines in a fight for their lives. Trapped in a

shrinking perimeter, cut off from Fleet support, and short of everything except the enemy, the Space Marines fight the only way they know how: like hell. After Fortis samples a batch of DINLI brewed from lima bean rations, the radio-telephone operators ask him what message to send to Atlas in case the jamming ends. His response becomes a legend in the ISMC. "Tell them to send fresh fruit and ammo."

Honda Mini Trail Jeremy Polson 2017-01-20 The best-selling Honda ever, the long-running Honda Mini Trail, was available in a huge range of models, even within each model year. The Honda Mini Trail Enthusiast's Guide covers all Honda Mini Trails and Z50 bikes produced between 1968 and 1999. Author Jeremy Polson begins with a brief introduction of the models that led up to the Mini Trail, and then jumps into a thorough analysis of the many models and iterations that Honda has offered through the years. Despite the worldwide popularity of Honda's best-selling model, no other Mini Trail book had been published, and the accuracy of information found on the Internet is suspect at best. For Z50 collectors and enthusiasts, this book presents facts and figures found nowhere else. In addition to the hard facts regarding each model of each year, this book is filled with many rare photos that track the evolution of the Mini Trail, and unravel its mystery.

Human Dignity and the Kingdom of Ends Jan-Willem van der Rijt 2021-12-31 This book advances our understanding of the nature, grounds and limits of human dignity by connecting it with Kant's notion of an ideal moral community, or "Kingdom of Ends". It features original essays by leading Kant scholars and moral and political philosophers from around the world. Although Kant's influential injunction to treat humanity as an end in itself and never merely as a means has garnered the most attention among those interested in analyzing human dignity with a Kantian lens, Kant himself places much more emphasis on the Kingdom of Ends as crucial for defining human dignity. The chapters in this collection focus not only on interpretive issues related to the Kingdom of Ends but also on practical applications that have the potential

to advance discussions about the nature and foundations of rights, the content of moral principles, the importance of moral ideals and attitudes and the nature of moral motivation. Exploring and connecting the ideas of human dignity and the Kingdom of Ends significantly deepens our moral understanding, advances discussions in moral and political philosophy and enhances our appreciation of Kant's moral theory. Human Dignity and the Kingdom of Ends: Kantian Perspectives and Practical Applications will appeal to scholars and advanced students of Kant, moral philosophy, political philosophy, and political theory.
