*Race Tech's Motorcycle Suspension Bible* Paul Thede 2010-06-19 Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

**Please Be Careful What You Say** Angella Wynn 2021-10-19 Clean up on aisle 4! Have you ever been in a moment where you spilled something out of your mouth and it's all over the place and now you can't call it back? Yes! Clean up on Aisle 4! This read will cause you to first, take a hold of your thoughts, and second, cause you to taste your words before you serve them to someone else. Angella's personable experiences, from childhood to now, with words spoken to her or about her have put her in the seat with pen and paper to write. There are many challenges she faced: loss of parents, crippling disease, and more. Through her writing, you can take a ride down the path and hear the experiences of the hills and valleys that could have caused many words to be released from her, but with the help of the Holy Spirit, she chose a different course of action. Take a read and set your heart, mind, and mouth...and PLEASE BE CAREFUL WHAT YOU SAY! My prayer for every reader is to have a moment where their brain and senses come alive to the knowledge of the fact that our words carry weight.
