The Diary of a Young Girl Anne Frank 2010-09-15 THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

ICSE Final Revision Guide for subjects: Term I Class 10 2021 Examination Oswal – Gurukul 2021-10-26

Cosmic Intelligence and You S Rengarajan 2016-11-11 Everyone is eager to know where one has come from and where one is heading to. Since the universe itself is a creation from the abstract source - God - it becomes difficult to give valid answers by realistic logics. Hence, all attempts to explain this phenomenon till now through inference, comparison, deduction, and belief have ended up inconclusively, leaving bits of confusion and dismay in many minds. In this book, an attempt is made to logically analyze the Vedantic axiom ‘God has desired, let me be many and savor the diversities’. This book begins with the invincible qualities of the Source of creation itself and then proceeds in logical steps as to how It has permeated through Its manifestations in various stages of their progress. Only an awareness that the self-healing phenomenon forms the basic building block in all entities helps the reader to follow the subject matter with ease. As the Source itself is an embodiment of unlimited faculties, one may find equal or perhaps more enthusiasm, while arriving at a relationship with the source & the self through the faculties naturally nurtured by one’s abilities. There are thus unlimited paths that lead one to bliss.
