**Hearings United States. Congress. House** 1961

**A Brand New Ballgame** G. Scott Thomas 2021-12-09 America grew rapidly after World War II, and the national pastime followed suit. Baseball dramatically changed from a 19th century pastoral relic to a continental modern sport. Six Major League clubs relocated to new cities, capped by the coast-to-coast moves of the Brooklyn Dodgers and New York Giants. Four expansion teams were created from thin air. Dozens of black stars emerged after Jackie Robinson broke the color barrier. The players formed a union--higher salaries materialized. This book tells the story of baseball's metamorphosis 1945-1962, driven by larger-than-life personalities like the bombastic Larry MacPhail, the sage Branch Rickey, the kindly Connie Mack, the quick-witted Bill Veeck and the wily Walter O'Malley--Hall of Famers all. The upheaval they sparked--and sometimes failed to control--would broaden the sport's appeal, setting the stage for tremendous growth in the half-century to come.

**Committee Prints** United States. Congress. Senate. Committee on Interior and Insular Affairs 1959

**Evolution of the Alabama Agroecosystem** Eddie Wayne Shell 2013 Evolution of the Alabama Agroecosystem describes aspects of food and fiber production from prehistoric to modern times. Using information and perspectives from both the "hard" sciences (geology, biology) and the "soft" science (sociology, history, economics, politics), it traces agriculture's evolution from its appearance in the Old World to its establishment in the New World. It discusses how agricultural practices originating in Europe, Asia and Africa determined the path agriculture followed as it developed in the Americas. The book focuses on changes in US and Alabama agriculture since the early nineteenth century and the effects that increased government involvement have had on the country's agricultural development. Material presented explains why agriculture in Alabama and much of the South remains only marginally competitive compared to many other states, the role that limited agricultural competitiveness played in the slower rate of economic development in the South in general, and how those limiting factors ensure that agricultural development in Alabama and the South will continue to keep up but never catch up.

**Report** United States. Army. Office of the Chief of Engineers 1945

**Damming the Osage** Leland Payton 2012-11-01 If changed by development, the authors found the present Osage valley landscape expressive. Illustrated with hundreds of color photographs, period maps, and vintage images, this book tells the dramatic saga of human ambition pitted against natural limitations and forces beyond man's control.

**Report of the Chief of the Bureau of Agricultural Economics** United States. Bureau of Agricultural Economics 1932

**Prohibition in Kansas City, Missouri: Highballs, Spooners & Crooked Dice** John Simonson 2018-03-05 Like most cities during Prohibition, Kansas City had illegal alcohol, bootleggers, speakeasies, cops on the take, corrupt politicians and moralizing reformers. But by the time the Eighteenth Amendment was repealed, Kansas City had been singled out by one observer as one of the wettest cities, as well as the wickedest. A grocer managed a still in the basement of his store. A raid on the Tingle Oil Company found two hundred drums of oil and the largest illegal brewery ever found in the state. This seedy underworld transformed the Heart of America into the Paris of the Plains. Author John Simonson resurrects forgotten stories by revisiting places where they occurred and telling the salacious history of booze in Kansas City.

**Readings in the History of the Soil Conservation Service** Douglas Helms 1992

**A River in the City of Fountains** Amahia Mallea 2018-10-15 An environmental history of Kansas City and its developing relationship with the Missouri River.

**Kansas - Missouri Floods of June - July 1951** United States. Hydrologic Services Division 1952 The purpose of this report is to compile and record the basic hydrometeorological data for the great Kansas-Missouri floods of June-July 1951. This type of information is essential in the planning of land and water management programs, including the safeguarding of life and property.

**Annual Report of the Chief of Engineers to the Secretary of War for the Year ...** United States. Army. Corps of Engineers 1945

**Mid-America's Promise** Joseph P. Schultz 1982

**Preliminary Report on Flood Protection in Kansas River Basin for Kansas Industrial Development Commission** Kansas Industrial Development Commission 1953

**The Seventh Stream** Philip H. Ennis 1992-12 A cultural and social study of the origins and evolution of "rocknroll". Philip Ennis presents a major social and cultural study of the origins and evolution of "rocknroll." With masterful command of general trends and telling details, he describes the artistic, economic, and political context that

nurtured this radically new popular music. This "seventh stream," which drew from existing forms of pop music, began as a youth movement of rebellion and remains a worldwide banner of youth in search of alternatives. "Rocknroll" emerged, he shows persuasively, from the successive meeting and melding of the other six "streams"--pop, black pop, country pop, jazz, folk, and gospel. He chronicles how these were shaped by struggles over musical property rights, and by the new technologies of radio and phonograph record. The most decisive clash was between the New York based music publishers and the radio broadcasters. Their decades long contest resulted in many cultural changes. The basic unit shifted from sheet music to the phonograph record. The radio disc jockey in small, independent radio stations became the new focal point for all the popular musics. New venues, audiences, and talent appeared throughout the nation. The appearance of "rocknroll" marked a significant cultural moment, argues Ennis. This "seventh stream" was part of an explosive efflorescence in all the American arts after World War II. Its early stars--Little Richard, Chuck Berry, Jerry Lee Lewis, and Elvis Presley--built a pantheon of performers with deep roots in all the other streams.

**Prologue** 2013

**Kansas City Crime** Central Monroe Dodd 2010-10-11 More than two dozen major crimes in the Kansas City area, ranging from the escapades of outlaw Jesse James, the kidnapping of Nelly Don, the 1933 Union Station Massacre, the heroism of Primitivo Garcia, the River Quay mob bombings of the 1970s, to the cancer killings by pharmacist Robert Courtney in the 1990s, and much more.

**Agricultural Appropriations for Fiscal Year 1967, Hearings Before ... 89-2, on H.R. 14596** United States. Congress. Senate. Appropriations Committee 1966

**Water, Climate Change, and Forests** Michael J. Furniss 2010 This is a print on demand edition of a hard to find publication. Water from forested watersheds provides irreplaceable habitat for aquatic and riparian species and supports our homes, farms, industries, and energy production. Yet population pressures, land uses, and rapid climate change combine to seriously threaten these waters and the resilience of watersheds in most places. Forest land managers are expected to anticipate and respond to these threats and steward forested watersheds to ensure the sustained protection and provision of water and the services it provides. Contents of this report: (1) Intro.; (2) Background: Forests and Water; Climate Change: Hydrologic Responses and Ecosystem Services; (3) Moving Forward: Think; Collaborate; Act; (4) Closing; (5) Examples of Watershed Stewardship. Illus.

**Embracing Watershed Politics** Edella Schlager 2008-06-30 In Embracing Watershed Politics, political scientists Edella Schlager and William Blomquist provide timely illustrations and thought-provoking explanations of why political considerations are essential, unavoidable, and in some ways even desirable elements of decision making about water and watersheds. With decades of combined study of water management in the United States, they focus on the many contending interests and communities found in America's watersheds, the fundamental dimensions of decision making, and the impacts of science, complexity, and uncertainty on watershed management.

**Missouri Basin Water Rights** Mississippi Valley Association 1961

**Kansas City 1940** John Simonson 2013 "Get a unique glimpse into Kansas City in 1940, a pivotal year in the city's history, preserved by a rescued archive of Work Project Administration photographs"--

**The Harlem Renaissance in the American West** Cary D Wintz 2012-05-22 The Harlem Renaissance, an exciting period in the social and cultural history of the US, has over the past few decades re-established itself as a watershed moment in African American history. However, many of the African American communities outside the urban center of Harlem that participated in the Harlem Renaissance between 1914 and 1940, have been overlooked and neglected as locations of scholarship and research. Harlem Renaissance in the West: The New Negro's Western Experience will change the way students and scholars of the Harlem Renaissance view the efforts of artists, musicians, playwrights, club owners, and various other players in African American communities all over the American West to participate fully in the cultural renaissance that took hold during that time.

**American Folklore** Jan Harold Brunvand 1996 "The range of general topics covered runs from traditional areas like folklore scholarship, film and folklore, [etc.] ... to such leading-edge topics as bodylore, coding in American folk culture, cultural studies, computer folklore, empowerment, organizational folklore, and postmodernism."--Preface.

**Agricultural Appropriations for ...** United States. Congress. Senate. Committee on Appropriations 1966

**The American Bar** 2000

**Congressional Record** United States. Congress 1966 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)
