Cyberlibel David Anthony Potts 2011 Of my personal observations about cyberlibel -- How to use this book -- Frequently asked questions -- Summary of the law of defamation and its application to cyberlibel -- Characteristics of the internet -- Differences and consequences in cyberlibel litigation and offline libel litigation -- Should internet-specific principles of law be adopted? -- Notice and limitation periods -- Jurisdiction -- Disclosure of the identity of an anonymous author -- Internet libel actions stayed as an abuse of process in the UK -- Damages in cyberlibel -- Injunctions in cyberlibel -- Take down notices -- Publication and hyperlinks -- Forms of defamatory meaning -- Reference to the plaintiff -- Defence of innocent dissemination at common law -- The defence of qualified privilege -- Defence of responsible communication on matters of public interest -- Internet intermediaries -- Search engines -- User-generated content - web 2.0 and online social networks -- Invasion of privacy/misuse of private information. *The Law of Torts in Canada* Gerald Henry Louis Fridman 2002 This work is a comprehensive account of the law of torts in Canada and provides complete coverage of the substantive law of torts in common law Canada. The second edition has been completely revised and consolidated into one volume. The chapter on negligence has been divided into several distinct chapters. Previously well-known torts have been reconsidered in light of new decisions appearing in the past ten years, such as those on negligent misrepresentation and qualified privilege.

Conflict of Laws Stephen G. A. Pitel 2000 Explains and analyzes the rules of the conflict of laws in force in common law Canada in a clear and concise manner.

The Charter of Rights and Freedoms, 7th Edition Robert J. Sharpe 2021-06-15 The Charter of Rights and Freedoms, 7e, provides an accessible yet thorough account of the constitutional protection and practical application of rights under the Canadian Charter. This seventh edition includes, for the first time, an analysis of the protection of Aboriginal and Treaty rights. Among the important recent cases discussed and comprehensively explored are Conseil scolaire francophone de la Colombie-Britannique (refusing to accept that controlling the cost of the right to minority-language education would justify limiting right under section 1); the Frank decision (striking down the disenfranchisement of Canadian citizens living abroad); and an important new remedies case, Ontario (Attorney General) v G (affecting suspended declarations of invalidity and applicable exemptions). Recent developments in the section 2(b) right to freedom of religion include the Ktunaxa Nation decision rejecting an Indigenous group's claim that a development project would infringe their right to freedom of religion, and the Trinity Western decisions dealing with a religiously motivated covenant that discriminated against prospective LGBTQ2S+ law students. Also discussed are the developments in freedom of expression, including election spending and journalists being required to reveal their sources; the important role played by the Charter in the criminal process, including the Boudreault decision, extending the protection against cruel and unusual punishment; and equality rights, including decisions on pay equity and the Fraser case, dealing with pension benefits for women.

Remedies Jamie Cassels 2014 The law of judicial remedies, which includes the law of damages, ranges over the entire field of substantive private law, including the law of contract, tort, and property. In a pragmatic sense, an examination of the issue of remedies is crucial to civil litigators in that it provides critical insights into specific legal rules and arrangements. From a theoretical perspective, an understanding of the principles governing the choice of remedies and the methods of quantifying damages reveals much about the nature of the common law process. Remedies: The Law of Damages is both a succinct handbook for the practitioner and a rich entry point to the study of judge-made law. Highlights in the third edition include recent developments regarding remedies for breach of contract with alternative modes of performance and wrongfully dismissed employees' entitlement to discretionary benefits. There have been substantial revisions to chapters dealing with damages for personal injury, restitutionary remedies, certainty and causation, remoteness of damages, mitigation, and reasonableness of liquidated damages clauses.

Tort Law in Canada Jean-Louis Baudouin 2013 "This book was originally published as a monograph in the International Encyclopaedia of Laws/Tort law."

Media Law Robert Martin 1997 Media Law is written for anyone whose day-to-day livelihood depends on, or is affected by, the publication, broadcast, or transmission of information and opinion in what is known as the mass media. For the practising lawyer, the book will serve as an indispensable desk reference; for the working journalist, it is a lexicon of conduct. Students of law or journalism will find the book an accessible and authoritative text—one that they will refer to often during their academic careers and throughout their professional lives. The central concept around which the book is organized is freedom of expression. In Media Law, Professor Martin brings together elements from a number of different areas of the law, including criminal law, constitutional law, and the law of torts, in a lively treatment of the legal framework within which journalists work.

Canadian Books in Print 2003

Environmental Law Jamie Benidickson 2002 Of serious and persistent concern to most Canadians, environmental protection is governed by a complex and controversial legal regime that is affected by constitutional division of jurisdiction, corporate and taxation laws, international trade law, and traditional private law doctrines such as torts and contract law. Statutes and regulations that are specifically designed to protect the environment, and the institutional frameworks within which they operate, are often the subject of competing political agendas. This authoritative book describes the evolution and current practice of environmental law and policy in Canada. It will be of interest to concerned individuals, environmental groups, corporate officials, technical and scientific experts, public servants, and legal professionals whose practice is increasingly affected by environmental considerations.

Vulnerable Colleen M. Flood 2020-07-14 The novel coronavirus SARS-CoV-2, which causes the disease known as COVID-19, has infected people in 212 countries so far and on every continent except Antarctica. Vast changes to our home lives, social interactions, government functioning and relations between countries have swept the world in a few months and

are difficult to hold in one's mind at one time. That is why a collaborative effort such as this edited, multidisciplinary collection is needed. This book confronts the vulnerabilities and interconnectedness made visible by the pandemic and its consequences, along with the legal, ethical and policy responses. These include vulnerabilities for people who have been harmed or will be harmed by the virus directly and those harmed by measures taken to slow its relentless march; vulnerabilities exposed in our institutions, governance and legal structures; and vulnerabilities in other countries and at the global level where persistent injustices harm us all. Hopefully, COVID-19 will force us to deeply reflect on how we govern and our policy priorities; to focus preparedness, precaution, and recovery to include all, not just some. Published in English with some chapters in French.

The Law of Trusts Eileen E. Gillette 2005 The new and expanded edition of "The Law of Trusts" by Hon. Eileen Gillette and Martha Milczynski has been revised to reflect all appellate authority decided since the publication of the first edition in 1997. In addition, the book now makes reference to legislation in all Canadian provinces. Written in clear English and illustrated with many practical examples, it describes all aspects of the creation of trusts and their administration. Not only do they explore the origins of the trust in common law, the authors also provide insight into the recent growth in the use of trusts, including the huge expansion in the area of fiduciary relationships and provisions in the Quebec "Civil Code," which now allow the use of trusts in that province.

The Law of Torts, 6/e Philip H. Osborne 2020-03-09 The Law of Torts is an indispensable resource for those seeking a concise and accessible introduction to the principles of tort law. The sixth edition explores current trends in judicial decision-making. The text also discusses new initiatives in the areas of privacy, human trafficking, and anti-SLAPP legislation.

Damage Caused by Genetically Modified Organisms Bernhard A. Koch 2010-10-28 The debate about the use of genetically modified organisms is fuelled by the fear of potential hazards of GM farming. Classic tort law already offers remedies should such risks materialize. In some countries, this is enhanced or replaced by alternative redress schemes. This volume compares more than twenty jurisdictions in this respect, provides special analyses from an economic and insurance perspective and also addresses cross-border problems and international law.

LexisNexis Practice Guide: Illinois Personal Injury Litigation Paul E. Wojcicki 2019-10-25 LexisNexis Practice Guide: Illinois Personal Injury Litigation brings the success of the LexisNexis Practice Guide series to the Illinois practitioner. The 14-chapter publication provides comprehensive coverage of the most significant topics facing the personal injury practitioner, provides a clear summary of key issues and cases on the topics, and provides helpful cross-references to additional resources for the practitioner who needs to delve more deeply into a topic. This publication is affordably priced and updated every year.

The Fundamental Concept of Crime in International Criminal Law Iryna Marchuk 2013-07-29 This book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective. In this context, particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon the crystallization of the substantive part of international criminal law. This study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime (actus reus, mens rea, defences, modes of liability) and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions.

Disgorgement of Profits Ewoud Hondius 2015-08-12 Disgorgement of profits is not exactly a household word in private law. Particularly in civil law jurisdictions – as opposed to those of the common law – the notion is not well known. What does it stand for? It is best illustrated by examples. One of the best known being the British case of *Blake v Attorney General*, [2001] 1 AC 268. In which a double spy had been imprisoned by the UK government before escaping and settling in the former Soviet Union. While there wrote a book on his experiences, upon which the UK government claimed the proceeds of the book. The House of Lords, as it then was, allowed the claim on the basis of Blake's breach of his employment contract. Other examples are the infringement of intellectual property rights, where the damages of the owner are limited, but the profits of the wrongdoer immense. In such cases, the question arises whether the infringing party should be disgorged of his profits. This volume aims at establishing the notion of disgorgement of profits as a keyword in the discourse of private law. It does not purport to answer the question whether or not such damages should or should not be awarded. It does however aim to contribute to the discussion, the arguments in favour and against, and the organisation of the various actions.

The Law of Torts Philip H. Osborne 2015 An indispensable resource for those seeking an introduction to the principles of tort law in Canada, as well as the social policies underlying the law and trends in judicial decision making. It reviews the foundations and objectives of tort law with specific discussion of negligence, torts, strict liability, vicarious liability, and defamation.

Sports Law Patrick K. Thornton 2010-09-15 Sports Law looks at major court cases, statutes, and regulations that explore a variety of legal issues in the sports industry. The early chapters provide an overview of sports law in general terms and explore its impact on race, politics, religion, and everyday affairs. Later chapters address hot button issues such as gender equity, drug testing, and discrimination. Written from a sport management perspective, rather than from a lawyer's, this text covers all the major areas presented in sports law today including: cases relating to torts, contracts, intellectual property, and agents. Factual scenarios throughout the text allow students to critically examine and apply sport management principles to legal issues facing the sports executive. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition."

The Nature of the Judicial Process Benjamin Nathan Cardozo 1921 In this famous treatise, a Supreme Court Justice describes the conscious and unconscious processes by which a judge decides a case. He discusses the sources of information to which he appeals for guidance and analyzes the contribution that considerations of precedent, logical

consistency, custom, social welfare, and standards of justice and morals have in shaping his decisions.

Insurance Law Denis W. Boivin 2015 Insurance is everywhere in Canadian society: health, employment, transportation, commerce, industry, and communications are all sectors of activity affected by insurance. Whether public or private, compulsory or voluntary, insurance touches everyone on a daily basis. Where there are risks, there is a need for insurance -- and one cannot live in the twenty-first century without encountering risk day in and day out. The ubiquity of insurance comes at a cost. This price is paid by all Canadians and not only by those who hold insurance policies. Every year, Canadian policyholders pay billions of dollars in premiums to private insurance companies. Regulation is another consequence of the prevalence of insurance. Canadian insurance law is a complex mixture of federal and provincial legislation, common law, and custom. This book offers a detailed survey of this regulatory patchwork, divided into three parts. Part 1 provides an introduction to the creation and enforcement of insurance contracts. The subject of Part 2 is the creation of an enforceable insurance contract. Part 3 examines the principles applicable to the enforcement of insurance contracts.

Remedies Jamie Cassels 2000

The Law of Contracts John D. McCamus 2012 This book includes discussion of jurisprudential developments in variety of topics including the new doctrine in *Tercon Contractors Ltd. v. British Columbia* (2010) for determining the enforceability and application of exculpatory clauses and the possible implications of the new doctrine of the "unconscionable term."

Critical Disability Theory Dianne Pothier 2011-11-01 Despite the widespread belief that Canada is a country of liberty, equality, and inclusiveness, many persons with disabilities experience social exclusion and marginalization. In this book, twenty-four scholars from a variety of disciplines contend that achieving equality for the disabled is not fundamentally a question of medicine or health, nor is it an issue of sensitivity or compassion. Rather, it is a question of politics, and of power and powerlessness. This book argues that we need a new understanding of participatory citizenship that encompasses the disabled, new policies to respond to their needs, and a new vision of their entitlements.

LAW OF TORTS (DIGITAL EDITION). Philip H. Osborne In this thoroughly revised and updated second edition of *The Law of Torts*, Professor Osborne provides a concise and accessible introduction to the essential principles of tort law and to the social policies that support these principles. The book is written for students who are coming to the study of torts for the first time and for practitioners who may be looking for an up-to-date refresher of the basic principles underlying judicial policies and current trends. Professor Osborne reviews the foundations, characteristics, and objectives of tort law generally with specific discussion of the central concepts of negligence. He concludes with an insightful commentary on the present state of tort law in Canada and its future as we move into the 21st century. The book includes an extensive glossary of terms.

Criminal Law Kent Roach 2018-08-22 *Criminal Law* by Kent Roach is one of the most highly regarded titles in *Irwin Law's Essentials of Canadian Law* series. Professor Roach's account of the current state of substantive criminal law in Canada has become essential reading not only in law schools but also among judges, practitioners, and others involved in the criminal justice system.

Canadian Books in Print Marian Butler 2002-02 CBIP is the complete reference and buying guide to English-language Canadian books currently in print; consequently, the Author and Title Index, Subject Index and microfiche editions are indispensable to the book profession. With submissions from both small and large publishers, CBIP provides access to titles not listed anywhere else. Containing more than 48,000 titles, of which approximately 4,000 have a 2001 imprint, the Author and Title Index is extensively cross-referenced. The Subject Index lists the titles under 800 different subject categories. Both books offer the most complete directory of Canadian publishers available, listing the names and ISBN prefixes, as well as the street, e-mail and web addresses of more than 4,850 houses. The quarterly microfiche service provides updated information in April, July and October. CBIP is constantly referred to by order librarians, booksellers, researchers, and all those involved in book acquisition. In addition, CBIP is an invaluable record of the vast wealth of publishing and writing activity in the scientific, literary, academic and arts communities across Canada. A quarterly subscription service including the annual Author and Title Index (March 2001) plus quarterly microfiche updates (April, July, and October 2001) is also available. ISBN 0802049567 \$220.00 NET.

Business Law I Essentials MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27 A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. *Business Law I Essentials* is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. *Business Law I Essentials* may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches. **Law Made Simple** David Barker 2014-04-03 Are you studying for an A-Level in Law? Are you thinking about reading Law or a related subject at university? Or maybe you already have a place at Law School? If you answered 'yes' to any of the above or if you have a general interest in how the Law works, *Law Made Simple* is the perfect introduction to this huge and complex subject. Covering all the foundation subjects, Contract, Torts, Land, Trusts, Criminal, Public and EU Law as well as an introduction to the personnel and mechanisms that make up the English Legal System, *Law Made Simple* will offer you a clear and concise introduction to both the legislation and case law relating to all the major topics. This 13th edition now includes a brand new chapter on Public Law and Human Rights, a completely revised and updated chapter on Sources of Law and has been fully updated to take into account developments across the curriculum such as the ratification of the Lisbon Treaty; the Supreme Court and the Ministry of Justice; the Legal Services Act 2007; and the Fixed Term Parliaments Act 2011.

Dominion Law Reports 1918

Conflict of Laws Stephen G. A. Pitel 2010 Explains and analyzes the rules of the conflict of laws in force in common

Law Canada in a clear and concise manner.

Tort Law Ernest J. Weinrib 2018-04-27 This title was first published in 2002. The first series of *The International Library of Essays in Law and Legal Theory* has established itself as a major research resource. The rapid growth of theoretically interesting scholarly work in law has increased a demand for a Second Series which includes significant recent work and also gives an opportunity to include additional areas of law. The new series follows the successful pattern established in the first of reproducing entire essays with the original page numbers as an aid to comprehensive research and accurate referencing. Volume editors have selected not only the most influential essays but those which they consider will be of greatest continuing importance. Each volume has an introduction which explains the context and the significance of the essays chosen.

The Essential Law Dictionary Amy Hackney Blackwell 2008 *The Essential Law Dictionary* is an essential up-to-date legal reference, containing over 3,000 entries explaining legal language that can often be hard to understand, even for lawyers. This book focuses on defining the terms that people today are most likely to encounter when dealing with the law. The definitions are clear, concise, and easy-to-understand. Whether you are a lawyer, a law student, or a layperson, this handy reference will help you understand the precise meaning of any legal term.

INTRODUCTION TO THE CANADIAN LAW OF TORTS. 2020

The Duty of Care in Negligence James Plunkett 2018-02-08 This book aims to provide a detailed analysis and overview of the duty of care enquiry, drawing on both academic analyses and judicial experience in leading common law systems. A new structure through which duty problems can be analysed is also proposed. It is hoped that the book provides some fresh insights and clarity of the concept to the reader.

A Modern View of the Law of Torts J. S. Colyer 2014-05-16 *A Modern View of the Law of Torts* provides the important aspects of the law of torts, which is an area of law that covers the majority of all civil lawsuits. This book begins with a description of the civil rights of an individual who is wronged by another person, followed by a particular attention to the remedies that are available to people who are wronged by any of the standard torts. Chapters of this book are devoted to specific torts, such as negligence, defamation, and trespass. Specifically, the law of negligence has been fully dealt with, as more and more of the problems of the law of torts are being solved by the courts with reference to the developing principles of the law of negligence. This publication provides an interesting approach to the study of torts, which is equally useful to students and the lay person.

The Law of Contracts, 3/e John McCamus 2020-09-28 *The Law of Contracts*, third edition, is a thorough revision of this authoritative text in *Irwin Law's Essentials of Canadian Law* series. It includes discussion of recent jurisprudential developments in a variety of topics including: The impact of the ground-breaking decision in *Bhasin v Hrynew*, 2014 SCC 71, in articulating the general organizing principle requiring good faith performance underlying the existing law imposing duties of good faith contractual performance and the recognition of a new good faith duty of honest performance The potential implications of *Bhasin v Hrynew* for the duty to bargain in good faith The effect of the decision of the Supreme Court of Canada in *Canada (Attorney General) v Fairmont Hotels Inc*, 2016 SCC 56, on the law of rectification for mistake The continuing development of the Canadian jurisprudence applying the *Tercon* rule to the enforceability of exculpatory clauses The impact of *Uber Technologies Inc v Heller*, 2020 SCC 16 and *Douez v Facebook Inc*, 2017 SCC 33, on the doctrine of unconscionability The potential impact of *Southcott Estates Inc v Toronto District Catholic School Board*, 2012 SCC 51, on the law of mitigation and of specific performance The effect of *Globe Motors Inc v TRW Lucas Varity Electronic Steering Ltd (Eng CA)* on the enforceability of "no oral variation" clauses The book also incorporates reference to recent Canadian cases on doctrines such as estoppel, privity, interpretation and appellate review, and discussion of recent leading authorities dealing with such matters as contractual interpretation and the application of the basic principles of formation to e-commerce. *The Law of Contracts* is an indispensable resource for anyone interested in modern Canadian contract law.

The Law of Torts Philip H. Osborne 2011 *The Law of Torts* by Philip Osborne is an indispensable resource for practitioners, judges, and students seeking a concise and accessible introduction to the principles of tort law in Canada, the social policies underlying the law, and current trends in judicial decision-making. The book reviews the foundations, characteristics, and objectives of tort law generally with specific discussion of the central concepts of negligence, intentional torts, strict liability and vicarious liability, nuisance, and defamation. It provides insightful analysis of the relationships between tort law and other branches of private law, including contract law and restitution, and public law, particularly the Charter of Rights and Freedoms. The fourth edition includes new sections dealing with negligent investigations, malicious prosecution and Crown prosecutors, responsible communication on a matter of public interest, reportage, and cyber-defamation. The Canadian law of torts is described as it was on 1 January 2011.

The Law of Remedies Jeffrey Bruce Berryman 2010 This volume of essays is the end product of the Second International Symposium on the Law of Remedies, a joint undertaking of the Faculties of Law at the Universities of Windsor, Canada, and Auckland (Research Centre for Business Law), New Zealand. The symposium brought together scholars drawn from four continents, representing the major Commonwealth common law jurisdictions, as well as the United States and Ireland. Collectively, the essays illustrate the breadth and depth of attention that is now accorded to the study of remedies throughout the common law world. The collection also demonstrates the value of fruitful exchanges across common law jurisdictions that have much to gain from learning of one another's experiences, thereby enriching the body of knowledge for a system that is inherently built upon discrete and incremental case law.

The Law of Evidence David M. Paciocco 2008 Paciocco and Stuesser's "Law of Evidence," now in its 5th edition, is the most versatile text available on the Canadian law of evidence. The text has been cited and relied upon hundreds of times by courts of all levels across Canada, in both civil and criminal cases. It has also been adapted by the National Judicial Institute for their electronic bench book for trial judges. The new fifth edition carries on the practice in earlier editions of using new appellate level authorities to illustrate the law. It also chronicles significant changes in the law of self-incrimination and hearsay, as well as providing a concise and organized guide for dealing with section 24(2) exclusionary applications in the "Grant" era.

CROSS-EXAMINATION KYLA. LEE 2021
