Knowing that he doesn't have much time left, he writes a diary, recording whatever he could remember from his amazing experience: the mankind's history in the forthcoming centuries, from the nightmare of overpopulation and World Wars up until the world-changing globalisation, the radical new administration system, the colony on Mars and the next human evolutionary stage. Without any close friends and relatives to entrust, he doesn't say a word to anyone out of fear of being branded a lunatic. Before he dies, he hands his diary to his favourite student, George Papachatzis, later prominent Professor of Law and Rector of Panteion University of Greece.The diary circulates as hidden knowledge amongst high ranking masons in the lodges of Athens. In 1972, professor Papachatzis, despite an intense dispute, decides to publish Dienach's diary in Greek. Paul Dienach was not an author, poet, or professional writer. Rather, he was an ordinary man who kept a journal, never with the expectation that it would be published. This unique and controversial book, a universal legacy, is now carefully edited, translated and available to everyone. This is the history of our future! He delivered it to you."

**The I AM Discourses** Godfre Ray King 1984 "Awaken to the fact that your thought and feeling in the past have built—created—the inharmony of your world today. Arise! I say, Arise! and walk with the Father—the “I AM”—that you may be free from these limitations. Life, in all Its Activities everywhere manifest, is God in Action; and it is only through lack of the understanding of applied thought and feeling that mankind is constantly interrupting the pure flow of that Perfect Essence of Life which would, without interference, naturally express Its Perfection everywhere."

**American Chica** Marie Arana 2011-07-06 In her father's Peruvian family, Marie Arana was taught to be a proper lady, yet in her mother's American family she learned to shoot a gun, break a horse, and snap a chicken's neck for dinner. Arana shuttled easily between these deeply separate cultures for years. But only when she immigrated with her family to the United States did she come to understand that she was a hybrid American whose cultural identity was split in half. Coming to terms with this split is at the heart of this graceful, beautifully realized portrait of a child who “was a north-south collision, a New World fusion. An American Chica.” Here are two vastly different landscapes: Peru—earthquake-prone, charged with ghosts of history and mythology—and the sprawling prairie lands of Wyoming. In these rich terrains resides a colorful cast of family members who bring Arana's historia to life...her proud grandfather who one day simply stopped coming down the stairs; her dazzling grandmother. “clicking through the house as if she were making her way onstage.” But most important are Arana's parents: he a brilliant engineer, she a gifted musician. For more than half a century these two passionate, strong-willed people struggled to overcome the bicultural tensions in their marriage and, finally, to prevail.

**In the Name of Salome** Julia Alvarez 2000-06-09 "Original and illuminating."—The New York Times Book Review In her most ambitious work since In the Time of Butterflies, Julia Alvarez tells the story of a woman whose poetry inspired one Caribbean revolution and of her daughter whose dedication to teaching strengthened another. Camila Henriquez Urena is about to retire from her longtime job teaching Spanish at Vassar College. Only now as she sorts through family papers does she begin to know the woman behind the legend of her mother, the revered Salome Urena, who died when Camila was three. In stark contrast to Salome, who became the Dominican Republic's national poet at the age of seventeen, Camila has spent most of her life trying not to offend anybody. Her mother dedicated her life to educating young women to give them voice in their turbulent new nation; Camila has spent her life quietly and anonymously teaching the Spanish pluperfect to upper-class American girls with no notion of revolution, no knowledge of Salome Urena. Now, in 1960, Camila must choose a final destination for herself. Where will she spend the rest of her days? News of the revolution in Cuba mirrors her own internal upheaval. In the process of deciding her future, Camila uncovers the truth of her mother's tragic personal life and, finally, finds a place for her own passion and commitment. Julia Alvarez has won a large and devoted audience by brilliantly illuminating the history of modern Caribbean America through the personal stories of its people. As a Latina, as a poet and novelist, and as a university professor, Julia Alvarez brings her own experience to this exquisite story. Julia Alvarez's new novel, Afterlife, is available now.

**Sumerios** Captivating History 2018-07-08 Explora la fascinante historia de los sumerios La gran importancia de la cultura sumeria en toda la cultura mundial es evidente y crucial. Esta civilización es la única responsable de algunas de las innovaciones más importantes en prácticamente todos los aspectos básicos para mantener una sociedad civilizada: incluyendo la religión, la legislación, la arquitectura, la educación, el arte, la literatura y hasta el entretenimiento. Naturalmente, la mayoría de lo que vemos actualmente como aspectos negativos de la sociedad también se estableció en la antigua Sumeria. No hubo un aspecto de la vida sumeria que no estuviera plagado de corrupción o devastación de una u otra forma. En otras palabras, los sumerios nos dieron la sublimidad de la fe y la rigidez del pensamiento religioso junto con el deseo de supremacía política. Nos dieron tanto a los monarcas benévulos y afectuosos como a los tiranos crueles y castigadores: el niño educado y el niño mimado; el agrario trabajador y el fiestero borracho; y los imperios épicos, así como también los restos patéticos de ellos. Los sumerios lo hicieron todo, y lo hicieron ellos primero. Algunos de los temas y preguntas que se encuentran en este libro incluyen: Un resumen de los antiguos sumerios La estructura social de los antiguos sumerios La religión y la mitología de los antiguos sumerios La cronología de los reinos sumerios La vida cotidiana de los antiguos sumerios Las innovaciones sumerias La cultura sumeria La política exterior de Sumeria: las relaciones con otras naciones ¡Y una gran oferta que no querrá perderse! ¡Obtenga el libro ahora para aprender más acerca de los sumerios!

**The Purpose Driven Life** Rick Warren 2009-03-17 Another Landmark Book by Rick Warren. You are not an accident. Even before the universe was created, God had you in mind, and he planned you for his purposes. These purposes will extend far beyond the few years you will spend on earth. You were made to last forever! Self-help books often suggest that you try to discover the meaning and purpose of your life by looking within yourself, but Rick Warren says that is the wrong place to start. You must begin with God, your Creator, and his reasons for creating you. You were made by God and for God, and until you understand that, life will never make sense. This book will help you understand why you are alive and God's amazing plan for you—both here and now, and for eternity. Rick Warren will guide you through a personal 40-day spiritual journey that will transform your answer to life's most important question: What on earth am I here for? Knowing God's purpose for creating you will reduce your stress, focus your energy, simplify your decisions, give meaning to your life, and, most importantly, prepare you for eternity. The Purpose Driven Life is a blueprint for Christian living in the 21st century—a lifestyle based on God's eternal purposes, not cultural values. Using over 1,200 scriptural quotes and references, it challenges the conventional definitions of worship, fellowship, discipleship, ministry, and evangelism. In the tradition of Oswald Chambers, Rick Warren offers distilled wisdom on the essence of what life is all about. This is a book of hope and challenge that you will read and re-read, and it will be a classic treasured by generations to come.
