8 Lessons in Military Leadership for Entrepreneurs Robert T. Kiyosaki 2015-05-12 Robert Kiyosaki's new book 8 Lessons in Leadership draws from his years at the Merchant Marine Academy at Kings Point and his service in the United States Marine Corps. With compelling stories and examples and an engaging way of comparing and contrasting two very different cultures and value systems, Robert shares the challenges he faced in transitioning to civilian life…where chain of command and team-over-self--once so black and white--were muddy and distorted. "Permission to speak freely, sir?" Count on it. This is Robert Kiyosaki--and he does just that, in the forthright and no-nonsense style that readers have come to expect and appreciate. From Robert's perspective, military training shapes lives and supports entrepreneurship. The training, discipline, and leadership skills taught in the military can be leveraged for huge success in the civilian world of business. Highlights of 8 Lessons in Leadership include sections on Mission and Team, Discipline, Respect, Authority, Speed, the Power of Connectivity, Leaders as Teachers, Sales and Leadership.

Rich Dad's Conspiracy of the Rich Robert T. Kiyosaki 2009-09-21 In late January, 2009, Robert Kiyosaki launched CONSPIRACY OF THE RICH - a free online book which was written in serial basis to help people understand how the current recession came about, and what they need to learn on how to survive through the coming rough years. An unprecedented publishing event for Kiyosaki and The Rich Dad Company, CONSPIRACY OF THE RICH is an interactive, "Wiki-style" project in which Kiyosaki has invited feedback, commentary, and questions from readers across the globe. The response so far has been totally fantastic. Millions and millions of readers have flocked to the website (www.conspiracyoftherich.com) to read what Robert has to say about the recession, and the readers have posted thousands of comments. Some of those reader comments will even be included in the final trade paper version.

Rich Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards Robert T. Kiyosaki 2000-11-01 Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

Think Big Grow Bigger Riccardo Proetto 2015-12-28 If you ever read "Rich dad poor dad" and "Think and Grow Rich" you would love to read "Think Big Grow Bigger." This book will help you to understand exactly your sequence of Actions that cause results. You'll enjoy in changing the sequence to gain better results. You'll enjoy to add some actions or delete that... you'll enjoy testing other sequences. The incredible fact is that you'll have the chance to recognize and apply the sequence of wealthy people. The Stickies Strategy (r) is really powerful!!! What happen If you need some help? The Author, Riccardo Proetto, is here to help you with seminars, courses and coaching. He applied this theory for himself. In 2009 he lost everything. Something like some million euros, house... car.. everything. The problem: Even if he has frequented courses and seminars for himself, that is always a good thing, no one has explained to him how to avoid the same mistakes. He used a lot of strategies, listened a lot of guru... but what his was looking for was not the cure. He wanted the healing. He wanted to help people and himself to avoid mistakes, to accelerate the learning process, to recognize the actions sequence of everything: wealthy style, healthy style... The good news is that he found the solution and the funny thing is that everything is based on personal meanings. The result: the system is always applicable. If you'll have the opportunity to participate at one of his seminars you'll listen with your ears and you'll see with your eyes how is his story. Inside Of This Book You'll Discover The Results To These Shocking Tests: 80% of modern millionaires were able to get there on annual incomes of \$55,000 or less. Even meager savings eventually add up to thousands or millions of dollars.... (this one is almost dumb, cause it's SO easy) (Page 9) Net Worth Formula Simplified The rich have a net worth often double or triple the amount. The average American has less than half. The goal is to double your net worth. (Page 9) Sense of Spending The truly rich hold off gratification, knowing that what is trendy, popular or a must have today may not last until tomorrow. (Page 11) How interest affects your debt Pay more than the minimum on loans. The more you pay now, the less you pay later.(Page 13) Today millionaires spend more time selecting what to buy than buying the product itself. They look for the best bargain before laying their money down. (Page 15) THE STICKIES STRATEGY (r) ... I've seen during these years that our personal meaning of things is the real engine that let us go forward or backward. So I've developed the Stickies Strategy. You can find your exact sequence of actions through the "meanings" and improve or change that one...(Page 54) ...extra Steps: How to Use Your Passion to Succeed Over time, we often forget the passions of our childhood or even the ones we discover as we age." Take a stroll down memory lane and make a list. What would you do if you had all of the money you needed and didn't have to worry about paying your bills?"

A Beautiful Constraint Adam Morgan 2015-01-07 An inspiring yet practical guide for transforming limitations into opportunities A Beautiful Constraint: How to Transform Your Limitations Into Advantages And Why It's Everyone's Business Now is a book about everyday, practical inventiveness, designed for the constrained times in which we live. It describes how to take the kinds of issues that all of us face today—lack of time, money, resources, attention, know-how—and see in them the opportunity for transformation of oneself and one's organization's fortunes. The ideas in the book are based on the authors' extensive work as business consultants, and are brought to life in 35 personal interviews from such varied sources as Nike, IKEA, Unilever, the U.S. Navy, Formula One racecar engineers, public school teachers in California, and barley farmers in South Africa. Underpinned by scientific research into the psychology of breakthrough, the book is a practical handbook full of tools and tips for how to make more from less. Beautifully designed and accessible, A Beautiful Constraint will appeal beyond its core business audience to anyone who needs to find the opportunity in constraint. The book takes the reader on a journey through the mindset, method and motivation required to move from the initial "victim" stage into the transformation stage. It challenges us to: Examine how we've become path dependent—stuck with routines that blind us from seeing opportunity along new paths Ask Propelling Questions to help us break free of those paths and put the most pressing and valuable constraints at the heart of our process Adopt a Can If mentality to answer these questions—focused on "how," not "if" Access the abundance to be found all around us to help transform constraints Activate the high-octane mix of emotions necessary to fuel the tenacity required for success We live in a world of seemingly ever-increasing constraints, driven as much by an overabundance of choices and connections as by a scarcity of time and resources. How we respond to these constraints is one of the most important issues of our time and will be a large determinant of our progress as people, businesses and planet, in the future. A Beautiful Constraint calls for a more widespread capability for constraint-driven problem solving and provides the framework to achieve that.

The Boy Who Robbed the Rich L. R. Patton 2017-08-15 Strength comes in numbers of merry men. Philip, one of the lost children of Fairendale, wakes in the woods outside the village of Lincastle, surrounded by the forest's most frightening creatures. Thus begins his daily battle to outsmart the creatures that would like nothing more than to eat him, requiring Philip to construct a makeshift bow out of limbs and leather and become, in a few days' time, a master archer. One day, while Philip is out hunting, he meets one of the legendary merry men. After discovering he can miraculously shoot an arrow and hit a bulls-eye, the ragged men invite Philip to join them in stealing from the rich of Lincastle and giving to the village poor. But in spite of his valiant efforts and his extraordinary bravery, Philip will need more than just the merry men to rescue him from what is coming. The Boy Who Robbed the Rich is the eighth book in the Fairendale series, an epic fantasy middle grade series that explores both familiar and unfamiliar fairy tales, legends, myths, and folk tales. The world of Fairendale revolves around villains and heroes--all on a quest for what they believe is right. But one cannot always know, at first glance, who is the villain and who is the hero. Throughout the series, the story of King Willis and his determination to keep the throne of Fairendale is woven into the story of his son, Prince Virgil, heir to the throne and friend to the village children, and the story of fairy tale children fleeing for their lives--children who become what we know as fairy tale villains, for one good reason or another. But, remember, one cannot always know, at first glance, who is the villain and who is the hero.

Rich Dad's Prophecy Robert T. Kiyosaki 2002-10-09 When the generation known as 'Baby Boomers' begin to retire and cash in on their plans, there's a chance that this drain on reserves could cause a major devaluation in people's savings. This book offers a plan to help you prepare for the worst, offering alternative investments.

Late Bloomer Carol Tyler 2005-01-01 Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahs as well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}

Rich Dad, Poor Dad Robert T. Kiyosaki 2016-04-27 Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

Three Steps to Wealth & Financial Security Gary M. Laturno 2013-07-18 "I recommend this book highly as one of the 10 most important 'must read' books published this year," Robert Plotkin, Founding President, World Trade Center San Diego. "Three Steps to Wealth & Financial Security – All That Glitters Isn't Gold" is a back to basics, easy to use guide to reassert financial control and secure your financial future. The book draws on real world examples that husband-and-wife authors attorney Gary Laturno, Esq. and Victoria Kuick, MBA, have encountered in counseling over two thousand homeowners in financial distress since 2007. As a result, the book will be an easy read for people who find financial matters confusing or even frightening. The authors' straightforward guidance and recommendations will help many take charge of their financial futures. Comments by Readers: I read your book last night. I'm incredibly impressed! It's a huge undertaking to present an enormous wealth of REALLY important and helpful information in a streamlined way...but you guys did it! And, I think your readers will really appreciate the genuine tone and straightforward approach—life changing stuff. Great job! I see this book distributed in high schools, colleges (law schools particularly—some lawyers are not great when it comes to financial matters), vocational schools, and the like. I hope you're aiming to reach the masses with this one—the subject matter is so salient right now, and this information is really resonating with people.Jennifer Manganello, Esq., University of California, Hastings College of the Law I just finished reading your book. Outstanding! I love the unique way it was written in PowerPoint format—original, straightforward, and easy to follow. The information the book contains, and how it is explained, makes it stand out. You do not allow the reader to blame others or make excuses about their financial situation. You tell them to look in the mirror, take responsibility, and you show them that money problems are not hopeless but fixable. The stock and real estate investing sections are informative and easy to understand. You take the complexity out of stock market investing. You show real estate investors the pitfalls to avoid. Readers will especially benefit from how you compare and contrast real estate investing with the stock market and other investments — bonds, precious metals and cash. It's evident the book was written from firsthand experience, making it truly authentic. I am impressed both by your credentials and your experience counseling over 2,000 homeowners in financial distress since 2007. This book cuts to the core of what people need to know and do to put their financial house in order. I highly recommend your book! Read it and you will substantially increase your financial I.Q. Dory Laramore, Certified Registered Tax Preparer, and author of Get Your Finances Right: The Foundation for Success "Three Steps to Wealth & Financial Security" is well written, concise and provides a wealth of financial advice for every American. The authors ask and answer a number of profound questions. What are the lessons of the housing crisis? Why are savings rates in the United States so low? Why do so many retire on Social Security only? Why do so many mismanage their financial affairs? How do we put our financial house in order? What do we need to know and do to be financially secure? Understand the mistakes that so many made and continue to make. Fine tune your financial plan and money management skills.Recommendation: Read the book! Money management, financial planning, and wealth building are mandatory subjects not electives. Andrew J. Sussman, Esq., Partner, RSR Law Group, San Diego, California

Building Wealth with Silver Thomas Herold 2011-01-03 The greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. Whenever governments start to dilute their money investors transfer their money into gold and silver. Although gold is a great way to preserve your wealth, it's silver you could actually make a fortune with. Protect your savings and create a substantial investment income every single month. Financial ignorance is the only reason you are not yet cashing in on the biggest wealth transfer in history. A Solid Method to Achieve Financial Freedom This book will show you exactly how to live and prosper by the new laws of money in the new economy. It will show you how to beat the new money thieves (Banks and Governments) at their own game while quietly profiting from the money meltdown that is now underway. We are approaching a monetary crisis of epic proportions never before seen. You are probably aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold and silver. Gold and silver have intrinsic value and will always prevail in any economy. Many financial experts predict that gold could at least double to \$3,000 . . . \$3,500 . . . and some say even \$5,000! But experts also predict the price of silver could rise seven to eight times its current value before hitting its peak. What most non-investors and investors - including yourself - probably don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its parabolic climb. Over the last 9 years the silver price increased an average of 29% per year! Compare this to the stock and real estate market, which declined when adjusted for inflation. Nine Reasons Why Silver is a Unique Wealth Building Instrument Silver, like gold, has intrinsic value Silver has been in a commodity bull cycle since 2000 Silver is a safe hedge against currency inflation Silver is a security choice during times of financial crisis Silver is rarer than gold Silver is used in 90% of all electronics - and its mostly non-renewable Silver leasing - the scam will be exposed soon Silver investment markets are expanding thanks to the Chinese What You Will Learn From Building Wealth with Silver You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. Learn Why Silver is the Best Investment Opportunity

Raised by her grandmother after losing her parents, she knows what its like to lose everything.Sophia, Alice's grandmother, is getting older and growing weaker by the day. Alice is the only one Sophia has, so it falls to her to do whatever it takes to help her beloved Gram.When Parker makes Alice an offer he thinks she can't refuse, he is stunned to find that money doesn't always mean you get your own way. However, Alice soon realises Parker might be the one person that can help her when she needs it most.Can they make their arrangement work without anyone finding out the truth, or will this thing between them turn into something neither of them expected it to be?

Who Stole My Pension? Robert Kiyosaki 2020-01-14 It's estimated that there are over 50 million pensioners--in the United States alone. Like the United States, the United Kingdom, Japan, Italy, Germany and many other countries around the world are all in big trouble when it comes to the solvency of their pension funds. Who Stole My Pension? was written to give them guidance, resources, and tools so they can take action... and stop the looting. We are in the early stages of the greatest retirement crisis in the history of our nation and, indeed, the entire world. According to the World Health Organization, nearly two billion people around the world are expected to be over age 60 by 2050, a figure that's more than triple what it was in 2000. For better or for worse, never before have there been more elderly people living on planet Earth. One thing is certain: Doing nothing--sitting back, confident your pension check is "in the mail"--is not an option. That's a risk you can't afford to take. According to Edward Siedle, a former attorney with the United States Securities and Exchange Commission and America's leading expert in pension looting, "In the decades to come, we will witness hundreds of millions of elders worldwide, including America's Baby Boomers, slipping into poverty. Too frail to work, too poor to retire will become the "new normal" for many of the aged." Kiyosaki, who like Siedle saw this crisis looming years ago, complements the facts and stats Siedle puts forth with strategies on how retirees can take control--not only their pensions, but their financial futures. Kiyosaki writes about the fact that his father, a highly educated man he calls his poor dad, wasn't poor until he lost his job, his paycheck--and his pension. "His PHD couldn't save him," says Kiyosaki, who has dedicated his life to teaching and financial literacy advocacy. In Who Stole My Pension? the authors focus on the most misunderstood and ignored cause of the pension crisis: mismanagement of pensions and investments. The culprits that are looting the pensions of public school teachers, firefighters, police, as well as private sector workers, are on Wall Street. The Wall Street casinos charging high fees for gambling in risky hedge funds and other speculative investments, outrageous investment-industry conflicts of interest, and outright violations of the law. Who Stole My Pension? is an in-depth assessment of the pension crisis that the world is facing today and what millions around the world--employees who expected to have pension income at retirement--can do about it. The authors recount a history of pension failures, inexperienced boards, gambling, looting and other horror stories--with a focus on action steps workers and retirees can take to quickly determine if a pension is being mismanaged as well as the concrete steps they can take to end decades of pension mismanagement. They detail critical questions retirees can ask--and guidance regarding how to act on what they learn.

Two Fathers One War Marcia L. Pollock Wysocky 2013-10 I have never been one for history. It was the past. But history was dropped in my lap the day two dusty, dirty boxes were discovered in the old farmhouse where my mother was born. As I opened the lids, I was immediately thrown back in time. I was now in the 1940's and caught in the realms of WWII. From the air over the Pacific to the cold harsh winter of the Ardennes in Europe, this is a daughter's story as told to her by her fathers.

Get Rich Action Plan Jay Tomlinson 2016-03-22 You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to

hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you

put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today!
