Follow along as he looks at the fascinating similarities between these two men and the communities and beliefs they founded. The three main sections of the book examine their spiritual parallels, revelational parallels, and relational parallels. An extensive appendix follows with additional details. This book will help the reader to understand the affinities between these two men and their religions. It will also equip Christians with the necessary information to know how to answer Mormon and Muslim apologists and defend the Christian faith.

Answering Mormons' Questions Bill McKeever 1983 The Church of Jesus Christ of Latter-Day Saints currently boasts millions of members, thousands of missionaries, and congregations on every continent as well as in the vast majority of the world's countries. It's clear that their influence is still growing in our communities, places of business, and in the political arena. It's also clear that Christians need to be prepared to answer questions from Mormon friends, neighbors, co-workers, and from fellow believers as well. In this updated and expanded edition of McKeever's popular and practical book, authors Bill McKeever and Eric Johnson provide ready responses to the common questions Mormons ask. With more than six decades of combined experience, the authors tackle such tough questions as: Why don't you accept Mormons as Christians? Do you believe Mormonism is a cult? If the LDS church is not true, which church is? How can you explain the many contradictions found throughout the Bible? After offering analysis and responses to these and other questions, McKeever and Johnson provide helpful appendices that summarize Mormon beliefs, provide 101 Bible references to use in conversation, and expose common logical fallacies. Originally published in the 1980s, this volume has been--and will continue to be--a classic resource to help Christians become more successful in sharing their faith with Mormons.

The book contains a typographic transcription of all the original manuscripts, unedited and preserved exactly as dictated by the Prophet Joseph and recorded by his scribes. In addition, this volume features essays on the background, doctrinal contributions, and editorial procedures involved in the Joseph Smith Translation, as well as the history of the manuscripts since Joseph Smith's day.

Religion & Alcohol Charles Kevin Robertson 2004 Religion and Alcohol: Sobering Thoughts is an intriguing and thought-provoking collection of ten essays divided into two main parts. The first part focuses on the use or prohibition of alcohol in various religious traditions, with chapters exploring the Christian New Testament, Judaism, Islam, Hinduism, and tribal religions. The second half of the book considers alcohol in its historical context, with chapters examining drinking in medieval monasticism, Victorian England, and the American South, and films, as well as the influence of movements such as Alcoholics Anonymous.

How to Hear from God Les D. Crause 2016-01-20 Hearing From God is For Every Single Believer The Lord is speaking to you all the time, you just need to know how to listen. If you are a Christian, then you need to hear from God, it is available to you and He has made an easy way for you to know His will. If you are not a born again Christian you cannot enter fully into this. But God will still speak to you without you realizing it. This book is your introduction to the realm of the prophetic and hearing from God. For a more in depth teaching, look for other books by Les D. Crause on prophetic ministry. Hearing from God is not just something that the Old Testament prophets did. And it is not something that only a select few special people can do. It is for you right now, and as a born again believer you can hear from God every day. It is as simple as breathing. Sometimes you will not hear the voice of God, but your own voice or the voice of the enemy, the Devil. That is why it is important that every believer knows how to hear from God for themselves, and to know when it is Him speaking in their lives. In this book you will find a practical guide to hearing the voice of God. There are 7 different ways to hear that are covered in each chapter. There are also practical projects given in each chapter to help you understand and apply the principles to your own life. These basic ways of hearing from God are for everyone, but you can rise up and learn to flow in the prophetic and get greater revelation from God. Subjects Covered in This Book: Spiritual Urim and Thummim This is a gut feeling as some people call it. One of the simplest ways to get a yes or no answer from God is to learn to use this ability that He has given you. Interpreting Dreams Everyone wants to know if their dreams mean something. Sometimes dreams do not mean anything, but sometimes it is God speaking to you. Learn the most simple way to interpret your dreams and know what God is telling you. Journaling Journaling is the simple act of writing down what is happening in your life. You ask your questions and then write down what the Lord says to you. This simple act can give you more revelation even than receiving a prophecy. It is a powerful tool that you can use every day of your life to know what is the right direction to take. Audible Hearing and Love Relationship Very few people have heard the voice of God out loud. But it is possible for you to hear Him speaking to you face to face. This is the one of hardest ways to hear from God, but you can learn to develop it. Also covered are: - Learning to Understand Visions - Tongues and Prophecy - How to Receive from Angels Learn to hear from God and get His direction, and you will have a new power in your life that you have not known before. This book will give you a foundation and start you on the journey to hearing God clearly. Ultimately you can even rise up as a prophet of God if that is where He leads you.

Teachings of the Living Prophets Student Manual The Church of Jesus Christ of Latter-day Saints 2013-11-26 President James E. Faust (1920-2007) of the First Presidency explained the role of prophets and the need for the revelation they receive: "The prophets, seers, and revelators have had and still have the responsibility and privilege of receiving and declaring the word of God for the world. . . . " . . . These are the prophetic oracles who have tuned in over the centuries to the 'celestial transmitting station,' with a responsibility to relay the Lord's word to others. . . . "This Church constantly needs the guidance of its head, the Lord and Savior, Jesus Christ. This was well taught by President George Q. Cannon, [while serving in] the First Presidency: 'We have the Bible, the Book of Mormon and the Book of Doctrine and Covenants; but all these books, without the living oracles and a constant stream of revelation from the Lord, would not lead any people into the Celestial Kingdom of God' [Gospel Truth: Discourses and Writings of President George Q. Cannon, 2 vols., sel. Jerreld L. Newquist (1974), 1:323]. . . . "Revelation was required to establish this Church. Revelation has brought it from its humble beginnings to its present course. Revelation has come like flowing, living water. Continuing revelation will lead it forward to the windup scene. But as President [J. Reuben] Clark told us, we do not need more or different prophets. We need more people with 'a listening ear' (in Conference Report, Oct. 1948, 82)" ("Continuing Revelation," Ensign, Aug. 1996, 2, 4, 6-7).

"This Is My Doctrine": The Development of Mormon Theology Charles R. Harrell 2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s. This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose. Early Mormons, like their early Christian and even earlier Israelite predecessors, brought with them their own varied culturally conditioned theological presuppositions (a process of convergence) and only later acquired a more distinctive theological outlook (a process of differentiation). In this first-of-its-kind comprehensive treatment of the development of Mormon theology, Charles Harrell traces the history of Latter-day Saint doctrines from the times of the Old Testament to the present. He describes how Mormonism has carried on the tradition of the biblical authors, early Christians, and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures. In the process, he probes three questions: How did Mormon doctrines develop? What are the scriptural underpinnings of these doctrines? And what do critical scholars make of these same scriptures? In this enlightening study, Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology. "This Is My Doctrine" will provide those already versed in Mormonism's theological tradition with a new and richer perspective of Mormon theology. Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions.

Teachings of the Living Prophets Teacher Manual The Church of Jesus Christ of Latter-day Saints 2013-11-26 Elder Robert D. Hales of the Quorum of the Twelve Apostles declared: Living prophets are leading this church today. The greatest security of members of The Church of Jesus Christ of Latter-day Saints comes from learning to listen to and obey the words and commandments that the Lord has given through living prophets. I would hope that the world would understand the importance of having a living prophet on earth today. (In Conference Report, Apr. 1995, 19; or Ensign, May 1995, 17) As the teacher for this course, you have the opportunity of helping your students recognize the blessing of living in a day when living prophets are upon the earth. You can help them know that Heavenly Father speaks today as He has in all dispensations. When the living prophets speak in an authoritative capacity to the members of the Church, what they say is "the mind of the Lord, . . . the voice of the Lord, and the power of God unto salvation" (D&C 68:4). Prayerfully study the scriptures and general conference addresses. Seek the Holy Spirit as you choose learning activities that help students grow spiritually. Help students discover, understand, and live the truths presented in the conferences of the Church. This manual supplements your preparation by providing introductory information to the chapters, identifying scriptures and gospel principles, and suggesting ways you can help students understand the doctrine and apply it in their lives.

The Wide Divide D. Gonzales 2018-01-09 Most people are not aware of the wide divide that exists between Mormonism and Christianity. Members of the LDS Church are taught not to question the teachings of the church despite the leaders being instructed to manipulate the facts and hide the truth whenever it is deemed useful to do so. The Wide Divide is a comprehensive and chronological study of Mormonism rendered in a holistic rather than a topical approach. It covers the panorama of early Mormon history with a comprehensive analysis of its doctrine. The major premise of the book is, "Are Mormons Christian?" If you are a Mormon, it is very critical that you answer this question correctly before you meet Jesus in eternity. Please do so.

Teachings of Presidents of the Church: Brigham Young The Church of Jesus Christ of Latter-day Saints 2000 The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did before in their lives" and will begin to "inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness" (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections--"Teachings of Brigham Young" and "Suggestions for Study." The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the "Lion of the Lord" (HC, 7:434)--the prophet, seer, and revelator, President Brigham Young.
