**Everything That Rises Must Converge** Flannery O'Connor 1965-01-01 Flannery O'Connor was working on Everything That Rises Must Converge at the time of her death. This collection is an exquisite legacy from a genius of the American short story, in which she scrutinizes territory familiar to her readers: race, faith, and morality. The stories encompass the comic and the tragic, the beautiful and the grotesque; each carries her highly individual stamp and could have been written by no one else.

*The Coldest Place on Earth* Tim Vicary 2007-12-27 In the summer of 1910, a race began. A race to be the first man at the South Pole, in Antarctica. Robert Falcon Scott, an Englishman, left London in his ship, the Terra Nova, and began the long journey south. Five days later, another ship also began to travel south. And on this ship was RoaldAmundsen, a Norwegian. But Antarctica is the coldest place on earth, and it is a long, hard journey over the ice to the South Pole. Some of the travellers never returned to their homes again. This is the story of Scott and Amundsen, and of one of the most famous and dangerous races in history.

*Edible Insects* Arnold van Huis 2013 Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

**Speculative Everything** Anthony Dunne 2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In Speculative Everything, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose “what if” questions that are intended to open debate and discussion about the kind of future people want (and do not want). Speculative Everything offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

*The Ones Who Walk Away from Omelas* Ursula K. *In One Person* John Irving 2012-05-08 From the author of A Prayer for Owen Meany and The World According to Garp comes "his most daringly political, sexually transgressive, and moving novel in well over a decade" (Vanity Fair). A New York Times bestselling novel of desire, secrecy, and sexual identity, In One Person is a story of unfulfilled love—tormented, funny, and affecting—and an impassioned embrace of our sexual differences. Billy, the bisexual narrator and main character of In One Person, tells the tragicomic story (lasting more than half a century) of his life as a "sexual suspect," a phrase first used by John Irving in 1978 in his landmark novel of "terminal cases," The World According to Garp. In One Person is a poignant tribute to Billy's friends and lovers—a theatrical cast of characters who defy category and convention. Not least, In One Person is an intimate and unforgettable portrait of the solitariness of a bisexual man who is dedicated to making himself "worthwhile."

*The Summer My Father Died* dit Kiss 2012-09-03 dit Kiss grew up a communist in Budapest, soaking up her father's ideology unquestioningly. As a child she is puzzled when others refer to her as Jewish; she only knows that her family doesn't believe in God. How can they? As her father lies dying, dit tries to understand the enigma surrounding his life. Where does his unshakeable communist conviction come from? Why doesn't he have relatives? As she digs deeper into his tragic history, dit is forced to confront the contradictions and lies woven into the life of her family - and her country - through the dramatic twists of twentieth century Hungary. 'Lyrical and poetic The Summer My Father Died is a powerful memoir. In this remarkable memoir, dit Kiss uncovers the paternal history that shaped her own, even while she was unaware of it ... the journey is riveting.' Lisa Appignanesi 'It shook me profoundly ... not only the richness of the relationship between father and daughter, but the internal development of the narrator also had a deep impact on me.' István Szabó, director of Mephisto and Being Julia.

**Life of Pi** Yann Martel 2009-03-19 Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.
