France), Prompt Release. The documents are reproduced in their original language.

Chekhov Rosamund Bartlett 2004 Rosamund Bartlett is steeped in Chekhov's writings, having worked as a translator, and in the culture and history of 19th-century Russia. She has written not simply another biography of Chekhov but brought new understanding to the writings and character of Chekhov set amidst the landscape of Russia. This is a book of enormous detail about the places Chekhov visited and lived in, which is vital for a good understanding of the character of this unusual and complex man. Examining these locations also informs and widens interpretation of the short stories. The author examines with careful precision Chekhov's genius, and shows that he is not simply the gloomy writer of popular myth but one with profound humanity and humour.

Annual report of the superintendent of public instruction. 31st (32nd) annual report upon the public schools of New Hampshire New Hampshire dept. of publ. instruction 1878

Participatory Institutions in Democratic Brazil Leonardo Avritzer 2009-06-08 Ultimately, Participatory Institutions in Democratic Brazil provides a more complex understanding of the links among participation, citizenship, and democracy through a set of case studies that will resonate both inside and outside Brazil.

Public Opinion, Campaign Politics & Media Audiences Bridget Griffen-Foley 2017-01-30 From Indigenous voting rights and climate change to talkback radio and right-wing populism, this timely volume showcases new research in political science, history and media studies. Contributors scrutinise the relationship between polls, party policy and voting behaviour, and evaluate the roles of oratory and the media in electioneering and political communication across Australia, Britain and the United States. The eight chapters are based on papers delivered at a symposium to honour Murray Goot FASSA, Emeritus Professor of Politics and International Relations, on his retirement from Macquarie University.

Kant and International Relations Theory Dora Ion 2012-02-27 This book challenges popular international relations theories that claim to be based on the political writings of Immanuel Kant, and sheds new light on the philosopher's perspective on peace. Through an analysis of Kant's philosophical work and political traditions of his time, as well as of neglected concepts and theory, this book reappraises modern perspectives on his work. Kant advocated a cosmopolitan community building perspective of peace and international relations that considered issues that are now significant topics of debate such as state sovereignty and unequal access to resources. This book reveals how Kant's political views translate into a vision of international relations that cannot be associated with the democratic and neoliberal theories of peace which until now have claimed Kant's legacy. While the democratic peace theory continues to inspire policy-making, Kant's predictions on war and peace ultimately prove to be most appropriate for the current issues of globalization and diversity. Offering new insights into the meaning of peace and war in international relations, Kant and International Relations Theory is an invaluable resource for students and scholars of international relations and political theory, as well as for those interested in Kant's scholarship.

Cengage Advantage Books: Strategic Public Relations: An Audience-Focused Approach Barbara Diggs-Brown 2011-08-12 With nearly thirty years of experience as both a public relations teacher and practitioner, Barbara Diggs-Brown has written a text based on her unwavering belief that to practice effective public relations today requires strategic thinking and audience focus, which can only be accomplished by listening and hearing audiences through formative, process, and evaluative research. In addition to highlighting audience-focused principles and techniques of audience research and recurring assessment, STRATEGIC PUBLIC RELATIONS: AN AUDIENCE-FOCUSED APPROACH is based on the premise that public relations is a management function, one coordinated with an organization's other management divisions. Intended for undergraduate courses in PR, serving both majors in the field and nonmajors, this text provides a comprehensive survey of PR's foundations, processes, tactics, and contexts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Writing for Today's Healthcare Audiences Robert J. Bonk 2015-02-04 Primarily designed for students seeking careers in healthcare communication, this book also serves as a useful guide for nascent practitioners. Healthcare writing audiences are diversifying, from traditional physicians and patients to administrators in government and insurance groups as well as technical practitioners. Writing for these increasingly diverse healthcare audiences is the focus of this book, which has just enough theory to lay groundwork, plentiful examples to illustrate how theory is practiced, summaries that highlight key points, and realistic practice exercises. In addition to the emphasis on diverse audiences, the book stresses the importance of the writing process, from pre-writing to final editing. The book includes writing checklists for completeness and accuracy, and it incorporates many helpful real-world examples of healthcare documentation.

The First Amendment in the Trump Era Timothy Zick 2019-09-30 Regardless of how the presidency of Donald J. Trump ultimately concludes, a significant part of its legacy will relate to the First Amendment. The president has publicly attacked the institutional press and individual reporters, calling them the "enemy of the people." He has proposed that flag burners be jailed and de-naturalized, blocked critics from his Twitter page, communicated hateful and derogatory ideas, and defended the speech of white nationalists. More than any other modern president, Trump has openly challenged fundamental First Amendment norms and principles relating to free speech and free press. These challenges have come at a time when the institutional press faces economic and other pressures that negatively affect their functions and legitimacy, political and other forms of polarization are on the rise, and protesters face diminished space and opportunities for exercising free speech rights. The First Amendment in the Trump Era catalogs and analyzes the various First Amendment conflicts that have occurred during the Trump presidency. It places these conflicts in historical context-as part of our current digitized and polarized era but also as part of a broader narrative concerning attacks on free speech and press. We must understand what is familiar in terms of the First Amendment concerns of the present era, but also what is distinctive about these concerns. The Trump Era has once again reminded us of the need for a free and independent press, the need to protect robust and sometimes caustic criticism of public officials, and the importance of protest and dissent to effective self-government.

Addressing the State of the Union Donna R. Hoffman 2006 ?A rich, thoughtful, and systematic look at the rhetoric and evolving impact of state of the union addresses.... invaluable." ?Bryan W. Marshall, Miami University ?An excellent, well-researched, persuasive contribution to the growing study of presidential rhetoric and policy agendas. ?Sean J. Savage, St. Mary's College?Fills a significant void in the study of presidential leadership?. an impressive examination of the history, development, execution, and policy significance of the State of the Union address. ?Joseph Cammarano, Providence College The State of the Union is no ordinary speech on at least two accounts: it is a fundamental statement of how a president approaches current policy debates, and it is the one presidential address that US citizens are most likely to hear each year. Donna Hoffman and Alison Howard document the political significance and legislative impact?or often, lack of impact?of this most visible of presidential communications.Exploring how and why the State of the Union address came to be a key tool in the exercise of presidential power, the authors outline the ways presidents use it to gain attention, to communicate with target audiences, and to make specific policy proposals. Their richly textured analysis offers a penetrating look at the complex relationship between contemporary presidential leadership and Congressional lawmaking. Donna R. Hoffman is assistant professor of political science at the University of Northern Iowa. Alison D. Howard is adjunct instructor of political science at Dominican University of California.Contents: Donning the Hat of Chief Legislator. The State of the Union Address Through Time. No Ordinary Speech. The President as Chief Legislator. Ask and Ye Shall Receive? Conclusion.

31 Ways to Involve the Audience in Your Presentation Jeff Davidson 2009 The ability to powerfully and persuasively impact audiences is an important part of your career and your life. This book offers a bold, comprehensive compendium of what it takes to succeed as a public speaker. --

Television and Its Audience Patrick Barwise 1988-11-24 This book by two leading experts takes a fresh look at the nature of television, starting from an audience perspective. It draws on over twenty years of research about the audience in the United States and Britain and about the many ways in which television is funded and organized around the world. The overall picture which emerges is of: a medium which is watched for several hours a day but usually at only a low level of involvement; an audience which views mainly for relaxation but which actively chooses favourite programmes; a flowering of new channels but with no fundamental change in what or how people watch; programmes costing millions to produce but only a few pennies to view; a wide range of programme types apparently similar to the range of print media but with nothing like the same degree of audience 'segmentation'; a global communication medium of dazzling scale, speed, and impact but which is slow at conveying complex information and perhaps less powerful than generally assumed. The book is packed with information and insights yet is highly readable. It is unique in relating so many of the issues raised by television to how we watch it. There is also a highly regarded appendix on advertising, as well as technical notes, a glossary, and references for further reading. *Pleadings, Minutes of Public Sitings and Documents / Mémoires, procès-verbaux des audiences publiques et documents, Volume 30 (2021)* ITLOS 2022-06-08 This volume contains the pleadings, minutes of sitings and other documents concerning: Delimitation of the maritime boundary in the Indian Ocean (Mauritius/Maldives), Preliminary Objections. Le présent volume reproduit les mémoires, les procès-verbaux d'audiences et d'autres documents concernant : Délimitation de la frontière maritime dans l'océan Indien (Maurice/Maldives), exceptions préliminaires.

Desperately Seeking the Audience Ien Ang 2006-06-28 Millions of people all over the world are avid members of the television audience. Yet, despite the central place television occupies in contemporary culture, our understanding of its complex and dynamic role in everyday life remains surprisingly limited. Focusing on the television audience, Ien Ang asks why we understand so little about its nature, and argues that our ignorance arises directly out of the biases inherent in prevailing official knowledge about it. She sets out to deconstruct the assumptions of this official knowledge by exploring the territory where it is mainly produced - the television institutions. Ang draws on Foucault's theory of power/knowledge to scrutinize television's desperate search for the audience, and to identify differences and similarities in the approaches of American commercial television and European public service television to their audiences. She looks carefully at recent developments in the field of ratings research, in particular the controversial introduction of the 'people meter' as an instrument for measuring the television audience. By defining the limits and limitations of these institutional procedures of knowledge production, Ien Ang opens up new avenues for understanding television audiences. Her ethnographic perspective on the television audience gives new insights into our television culture, with the audience seen not as an object to be controlled, but as an active social subject, engaging with television in a variety of cultural and creative ways.

Making Data Talk David E. Nelson (M.D.) 2009 The authors summarize and synthesize research on the selection and presentation of data pertinent to public health and provide practical suggestions, based on this research summary and synthesis, on how scientists and other public health practitioners can better communicate data to the public, policy makers and the press.

Le présent volume contient le texte des pièces de la procédure écrite, des procès-verbaux des audiences publiques et d'autres documents relatifs à la procédure dans le Différend relatif à la délimitation de la frontière maritime entre le Bangladesh et le Myanmar dans le golfe du Bengale (Bangladesh/Myanmar). Les documents sont reproduits dans la langue originale utilisée.

The Ceremonial of Audience Eva Orthmann 2019-11-11 Audiences are among the dominant elements of courtly life and may be referred to as a central aspect of representation of power in many societies. Audiences also served as a stage for negotiation and political decision-making. Beyond that, the ceremonial of audience acted as an integrative factor, strengthening the connections between the ruler and his subjects, the élite and his dynastic background. It thus reflects the structure, or at least the intended structure of rule, and allows us to get insight into the perception of the ruler in the respective society. This volume offers an approach to forms and structures of audiences in different epochs and regions. Choosing a transcultural and diachronic perspective, it aims at delineating similarities and differences as well as possible lines of development of the ceremonial on a broad basis of case studies. Audienzen gehören zu den prägenden Bestandteilen höfischen Lebens und können als zentraler Aspekt der Herrschaftsrepräsentation bezeichnet werden. Sie dienten aber nicht nur der Repräsentation, sondern waren auch Ort von Verhandlung und politischer Entscheidung. Hinzu trat die integrative Funktion der Audienz: Durch den Vollzug des Zeremoniells wurde auch die Verbindung des Herrschers zu seinen Untertanen, Vertrauten und zu seiner Dynastie dargestellt und gefestigt. Das Zeremoniell der Audienz spiegelt somit das (intendierte) Gefüge der Herrschaft, und lässt Rückschlüsse auf das Herrscherbild der jeweiligen Gesellschaft zu. Der Sammelband behandelt Formen und Strukturen des Audienz-Zeremoniells in transkultureller und diachroner Perspektive, in dem Gemeinsamkeiten und Unterschiede, sowie Entwicklungslinien des Audienz-

Zeremoniells auf einer breiten Basis von Fallbeispielen. Dazu versammelt er Beiträge zu unterschiedlichen Teilaspekten des Audienz-Zeremoniells in vormodernen Gesellschaften Europas, Asiens und des nördlichen Afrikas.

Pleadings, Minutes of Public Sitings and Documents / Mémoires, procès-verbaux des audiences publiques et documents, Volume 3 (1999) International Tribunal for the Law of th 2006-05-01 This volume contains the texts of written pleadings, minutes of public sittings and other documents from the proceedings on the merits in the M/V "SAIGA" (No. 2) Case (Saint Vincent and the Grenadines v. Guinea). The documents are reproduced in their original language.

Czechoslovakia Radio Free Europe. Audience and Public Opinion Research Department 1966

Audience Analysis Denis McQuail 1997-07-28 `The book is essentially for a student of mass communication or may be of interest to the communications expert into communications reserach, theory or operations research. The author addresses a specific "audience" and does it to perfection with a simple very readable presentation' - The Economic Times Denis McQuail provides a coherent and succinct account of the concept of `media audience' in terms of its history and its place in present-day media theory and research. McQuail describes and explains the main types of audience and the main traditions and fields of audience research. Audience Analysis explains the contrast between social scientific and humanistic approaches and gives due weight to the view `from the audience' as well as the view `from the media'. McQuail summarizes key research findings and assesses the impact of new media developments, especially transnationalization and new interactive technology. The book concludes with an evaluation of the continued relevance of the audience concept under conditions of rapid media change. Audience Analysis provides both an overview of past research and a guide to current thinking.
